

Recruitment Data Analysis Report

Dataset Overview

Total Records: 12
Organizations: 2
Total Vacancies: 122

Metric	Value
Highest Salary	25000
Average Salary	3591.16
Lowest Salary	8.2
Median Salary	26.5
Min Experience	2
Avg Experience	8.625
Max Experience	16
Min Age	30
Avg Age	35.67
Max Age	44

Insights

- HURL contributes 121 of 122 vacancies (~99%).
- Salary values appear inconsistent because highest salary (25000) and lowest (8.2) use different units. Standardize salary before analysis.
- Average experience required is 8.63 years, indicating mid-level hiring.
- Average upper age limit is 35.67 years.

Recommendations

1. Standardize salary units.
2. Validate vacancy counts.
3. Separate executive and non-executive roles.
4. Visualize vacancies by organization and salary distribution.
